

Australian Radiation Protection and Nuclear Safety Act 1998
Australian Radiation Protection and Nuclear Safety Regulations 2018

Declaration of Exemption in relation to a controlled facility

I, Gillian Hirth, CEO of ARPANSA, acting under the *Australian Radiation Protection and Nuclear Safety Act 1998* (the Act) hereby conclude that in preparing a site for a controlled facility as well as its construction, namely: **Elekta Versa HD Linear Accelerator (serial number 109351)**, located at the ARPANSA site in Yallambie, Victoria, the ARPANSA Medical Radiation Services Branch (MRSB) is engaging in conduct that does not, or will not, pose an unacceptable potential hazard to the health and safety of people or the environment.

Consequently, I declare MRSB exempt from the need to obtain authorisation to site and construct a controlled facility for the purposes of subparagraphs 30(1)(a) and (b) of the Act.

Gillian Hirth
CEO of ARPANSA
